# Boom Bastic

Owner's Manual

Our Boom Bastic is an effect pedal which will turn your amp into a big raring machine. This pedal is an **special edition**. Later items of this pedal may vary in design.

**Power supply**– The Boom Bastic runs on 9 VDC by a battery inside the pedal. Please be careful when opening the bottom of the pedal for battery change. Make sure you put on the lid in the right direction again when closing the pedal!
